

Hi Dr. Niamtu,

I'm not sure if you remember me or not (I know you have lots and lots of patients!). You removed a large number of moles from my face, neck and upper chest several months ago. :)

You mentioned at the time that you were interested in having after procedure pictures and I haven't heard anything from you so I thought I would write to you to see if you were still interested! Almost all of the scars have healed very, very well! I really can't thank you enough! If you do want pictures please feel free to use them for your gallery! I have wanted to have these moles removed for so long but was so scared that the end result would be worse than the moles (the product of a meeting with a very bad plastic surgeon working for my health care provider) that I am more than happy to show people that it is possible!! My skin looked amazing for my wedding, all because of you! I'll send some wedding pics as soon as the photographer gives them to me!!

Thank you so much!

Cheers,

Leigh

P.S. Thank you, thank you, thank you again! :)
