Subject: What a Fabulous Visit - Thank you!

Dear Dr. Niamtu and Ginger:

Thank you for an extraordinary visit last Thursday, I could not be happier with the end results. Because of your solid reputation, I was confident of the great results. What was a surprise was leaving your office feeling the enormous positive energy from everyone I encountered during my visit. It is rare to meet a group of individuals that exude such hospitality and even more uncommon in a medical office!

I do not remember leaving a medical appointment ever and thinking "I really enjoyed myself" but I truly enjoyed my visit. I left with great results, an understanding of future options, an education on skin care and a great serum!

I will look forward to my future appointments.

Tamara K Strickland
